SAP   **1659673 - EPM BPC10: Issue with EVDRE migration**

Version 1   **Validity:**
01.12.2011 - active   **Language** English

Symptom

User did not succeed to migrate an Evdre report developed with BPC 7.5:

```
|2011-11-25 16:35:49,936|INFO|EVDRE|FPMXLClient.Migration.ActiveCollector.MigrateActiveWorksheet|        ||||1|11/25/2011
4:35:49 PM : Info : The Evdre migration for the sheet Sheet1 is starting.
11/25/2011 4:35:49 PM : Info : There are 1 EVDRE functions detected in the sheet
11/25/2011 4:35:49 PM : Info : The sheet Sheet1 has already been migrated
11/25/2011 4:35:49 PM : Info : The Evdre migration for the sheet Sheet1 is done.

OK

Environment

SAP Business Planning and Consolidation (BPC) version 10 – SP4 for the Microsoft platform
EPM Addin SP5

Reproducing the Issue

1. Open the Evdre report developed in BPC 7.5.
2. Then, update the report to have the correct dimension selected.
3. Go EPM Ribon -> Tools->More->Evdre Migration.
4. The report is not migrated.

Cause

In EPM add-in log, it is be stated that the EvDRE has been already migrated. An EvDRE report cannot be migrated in two steps (not supported by migration tool).

Resolution

- User should start from the initial EvDRE report again.
- If he does not have anymore the original EvDRE workbook, he can try to copy/paste the entire range of cells of the EvDRE report (but do not copy/ paste the worksheet itself) in a new worksheet and he should be able to try the migration again from this new worksheet.
- After that, save the worksheet only after having checked that the migration was successful.
