- This PAM represents current planning for SAP BusinessObjects Planning and Consolidation Version 10.0 for Microsoft and can be subject to further changes without further notice

- This document is subject to change and may be changed by SAP at any time without notice. The document is not intended to be binding upon SAP to any particular course of business, product strategy and/or development

- *BPC MS dates for 7.5 and 10 are the same as they are currently tied to end of mainstream support SQL Server 2008 maintenance dates. We are planning to support SQL Server 2012 with BPC MS V10 at which point we can raise the dates for BPC MS 10. Microsoft has not officially released support for SQL Server 2012. Plans include a BPC MS product version in mainstream support for the life of SQL Server 2012.*
