**Please note:**

- This matrix shows generic NetWeaver support only and does not make statements about browser support in specific applications.
- The Firefox Browser will be supported ,as-is‘, i.e. SAP does not give any warranties for Firefox issues for which Mozilla bears responsibility.
- The Safari Browser will be supported ,as-is‘, i.e. SAP does not give any warranties for Safari issues for which Apple bears responsibility.
- The Chrome Browser will be supported ,as-is‘, i.e. SAP does not give any warranties for Chrome issues for which Google bears responsibility.
- The PAM lists major browser releases supported by SAP. In general, SAP recommends the highest available patch level for that browser release.
- Once a browser (version) or platform is no longer supported by the manufacturer, SAP will remove it from these slides.
